Welcome to California and to UC Davis!

Here in Global Affairs, we like to say we welcome the world to UC Davis.

This is in part because of the international visitors we welcome and the global campus programming we host. But, in large part, this is because we welcome students and scholars like you from more than 110 different countries with countless backgrounds and experiences.

Services for International Students and Scholars (SISS), within Global Affairs, is your main contact for visa and immigration matters, as well as for helping you develop a home away from home here at UC Davis. We are here to join you as you discover your sense of place and sense of self within this vibrant community—through orientations, advising, and by hosting all types of programming that introduces new cultures and develops new skills.

Whether it is by participating in our International Cafés, story jams, workshops, lectures, or community events that you’ll learn more about in this handbook—we invite you to get involved with the initiatives of Global Affairs. And, of course, we encourage you to make the most of your time at UC Davis and in California, which together offer tremendous academic, social, and recreational opportunities.

As we envision a UC Davis community that engages, thrives, and leads in this increasingly interconnected world, it is always exciting to see the new opportunities for all of us to learn from one another and discover new perspectives.

We wish you the very best for a successful academic year and an enjoyable time exploring your new surroundings. Please reach out to any one of us with questions or for guidance along the way.

We hope to see you in the International Center or around UC Davis soon!

Sincerely,

**UC Davis Global Affairs**
Global Affairs brings the world to UC Davis, welcoming more than 10,000 international students, scholars, and leaders, and hosting programs that inspire global curiosity, understanding, and engagement. Compelled by the valuable outcomes of thinking globally, we make transformative opportunities a reality by supporting the thousands of students and faculty studying and researching internationally—and by facilitating collaborations that tackle the world’s most pressing problems through more than 150 international partnerships.

Putting our vision of a UC Davis community that engages, thrives, and leads in this interconnected world into action, Global Affairs is now in pursuit of an ambitious goal: Global Education for All.

**GLOBAL EDUCATION FOR ALL**
globalaffairs.ucdavis.edu/ge4a
As our world becomes more interconnected, our job market becomes more global, our knowledge crosses more boundaries, and our well-being relies upon interdependence, access to international and intercultural learning opportunities are more important than ever. This is why UC Davis is now building on the university’s growing international experiences and rich regional diversity to provide 100% of students—undergraduate, graduate, and professional—with a global education.

**UC DAVIS INTERNATIONAL CENTER**
The International Center at UC Davis, located where campus and community meet on the corner of Russell Blvd and California Avenue, welcomes domestic and international students, scholars, and families to share experiences, engage in dialogue, and be a part of community events. UC Davis Global Affairs’ Office of the Vice Provost and Associate Chancellor, Services for International Students and Scholars, and Study Abroad, as well as UC Davis Continuing and Professional Education, International are housed within the International Center. The International Center is usually open 8:00 a.m.–5:00 p.m. Monday through Friday, except for university holidays when the center is closed. The center is a hub where people can gather indoors, relax in an outdoor courtyard, or grab drinks and baked goods from Peet’s Coffee. Students can come to the International Center at any time to meet or study and hours are extended during finals.

Cars and Driving

HOW CAN I DRIVE LEGALLY IN CALIFORNIA?
You can use your home country driver’s license if it is valid, but only for the first few months that you are in the U.S. You cannot drive in California with an International Driving Permit. To acquire a California Driver License, you must pass a written exam and a driving exam at the Department of Motor Vehicles (DMV).

- For information about the California Driver License and how to get it visit dmv.ca.gov/portal/dmv/dmv/dl

WHERE CAN I GO TO GET A CALIFORNIA DRIVER LICENSE?

The Davis DMV is located at the intersection of 5th St. and Pole Line Rd. The A, P, Q, (or O on weekends) lines of Unitrans will get you there. For those of you who wish to own a vehicle while living in Davis, you must register your vehicle with the DMV. It is state law to have auto insurance for all vehicles. You can get information about how to buy and register a vehicle online.

Check online for nearby Woodland and Sacramento locations.

IF I DON’T WANT TO DRIVE, HOW CAN I GET AN IDENTIFICATION CARD?
dmv.ca.gov/portal/dmv/detail/idinfo/idcard
It is important for you to carry some form of personal identification (ID) which includes your photograph, name, address, and date of birth. You are asked for this type of ID when you cash a check, open a bank account, register your automobile, etc. Your passport has this information, but it is not wise to carry it with you on a daily basis because it may be lost. If you cannot drive or will not need a driver’s license during your stay, you can obtain a California State ID Card. You will not be able to drive with only a California ID card. If you plan to drive while in the U.S., please obtain a California Driver License.

Your California Driver License can serve as valid form of identification—you do NOT need to obtain both a license and a California ID card.

Finances

Banking
You should open a bank account as soon as you get to Davis. There are automated teller machines (ATMs) across campus, and it is much safer and more convenient to deposit your money in an account than to carry cash around. After an account is opened, wire transfers can be made and money will be available after a few days. However, wire transfers can be very expensive at most American banks.

HOW DO I OPEN A U.S. BANK ACCOUNT?
When living off-campus in apartments, it is usually required that you pay the property manager with a written check. If you prefer, you may be able to open a U.S account while still doing your primary banking with your home account. When opening up a new account, international students and scholars will generally need documentation that proves their identity and residence in the local area, such as their passport, I-20/DS-2019s, and a lease agreement or utility bill.

WHAT’S THE DIFFERENCE BETWEEN A BANK AND A CREDIT UNION?
Both banks and credit unions offer financial services such as savings accounts, checking accounts, and loans. Both will also offer online banking services. The main difference between banks and credit unions is the ownership. Credit unions are owned by their customers, while banks are owned by investors. Customer service, fees, and interest rates can vary depending on the institution you pick, though both will most likely meet your needs.

Check with the Davis banks and credit unions to find the best option for you. It is also a good idea to talk to your bank in your home country to see if they have a partnership or affiliation with a bank in the U.S. Sometimes this can make handling your money easier.

WHERE CAN I GET CASH AND EXCHANGE MONEY?
Exchanging money can become very expensive with interest rates or fees. Our advice is to withdraw money directly from any U.S. ATM to avoid excessive fees. It is a good idea to talk first with your home bank about withdrawing money from a foreign ATM to see if it allows this and to also find out if your bank charges high fees for foreign ATM withdrawals. Let your bank know that you will be using your ATM card in the United States. Not all U.S. banks accept foreign ATM cards.

*Many ATMs charge a nominal fee for withdrawal if your debit card is not affiliated with their bank.

ONLINE EXTENDED ORIENTATION: All undergraduate F-1 and J-1 international first year, transfer, and exchange students will be required to enroll in the SISS Online Extended Orientation program through Canvas, the university's online learning platform. Extended Orientation helps international students new to UC Davis understand the complex relationship between their immigration status requirements and university policies in order to maintain good status in both areas. The course is available approximately three weeks after school begins and must be finished prior to Thanksgiving break. There is no fee for the program. You will receive enrollment instructions through your UC Davis email.

All international graduate students have Graduate Coordinators specifically assigned to them depending on broad field of study. International students can find the contact information for their coordinator on the UC Davis Graduate Programs website. Graduate Coordinators will help you to understand and navigate UC Davis policies relevant to your department and work with your SISS International Student Advisor regarding your F-1 benefits.
